

The Buzz

WORKING TOGETHER TO BE THE BEST WE CAN BE

ALL DRESSED UP: Don't miss The Buzz next week for a full round-up of World Book Day activity from Milltimber

WE DID IT!

We are so delighted and proud of our Glee performers. In front of a large audience in the Beach Ballroom, the Milltimber Glee team put in an exceptional performance to win their heat. The group, under the expert guidance of Mrs Tait, Mrs Smith and Miss Edgar, devoted lots of time and effort with rehearsals over recent weeks. They now go through to the regional finals on April 30th. Congratulations to you all and we wish you good luck in the next stage of the competition!

Our 'Busy Bees' Life & Ethos Group asked some of the Glee performers what it meant to them...

"It was a good atmosphere and really fun. I will definitely do it again next year." – Georgia

"It's really fun!" – Safira

"I'm definitely excited for the regional finals." – Sofia

"I was not expecting us to win." – Gemma

"I'm excited for next year." – Lena

"Everyone was really nice and respectful." – Erin

"I really enjoyed it." – Heidi

"Very nerve wracking because all the other schools were really prepared." – Alina

"Really fun but nerve wracking. I enjoyed being with my friends and meeting new people." – Leah

"Second time lucky." – Maia

"I thought Cults were going to win the competition." – Andrew

"I thought it was really great and the best part was when we got to hold the trophy at the end." – Kendrick

"It was really fun and I was nervous before we got on the stage but I really enjoyed it." – Willow

NEXT WEEK IN THE BUZZ...

Milltimber Glee performer (and **Busy Bees** team member), Maia, tells us in her own words what it was like to be part of the Glee experience!

Lovely smiles and happy thoughts as Mrs Ross gets set to hit the catwalk

We all send our love and best wishes to Mrs Ross who, after facing the most difficult year, is taking part in Friends of Anchor's 2020 Courage on the Catwalk fund-raising event. We miss you, Mrs Ross, and love your happy drawing too! Well done 🙌🙌🙌

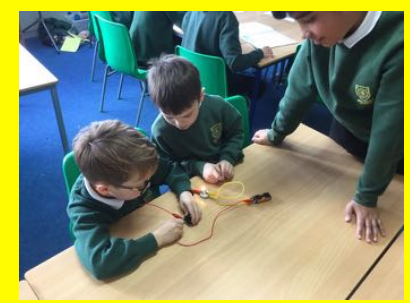

Pupils enjoy looking at things from every angle

Children from P3/4 have been learning all about angles. After creating their own angle identifiers, they had lots of fun identifying and measuring different angles around the playground.

That light bulb moment

P7 leading the learning as they work with P2 on being Science Champions. Can P2 light the bulb?

Attract and repel. That's magnetism...

P6 are teaching P1 all about magnetism. They now know how magnets attract and repel. We love STEM subjects as we strive to be Science Champions!

It's all in the coding...

Members of our Digital Cheese Life and Ethos Group have been 'coding' their partners to move around the playground.

Make sure you get a team together for the finest quiz night of the year...

The Milltimber PTA Quiz Night is back by popular demand. It's at the Milltimber Community Hall on **Saturday, March 21st**. You're running out of time to get a team together and do some swotting up!

Young designers get creative on the marble run

P2 were using their knowledge on forces and energy to design and make their own marble run game. Very imaginative learning!

Get your dancing shoes on and get ready to hit the floor

Our school discos take place in the school hall on the evening of **Friday, March 27th**. P1-P7 discos are lots of fun. Parents are always needed to help run these events, so please get in touch via the PTA.

Thank you for reading The Buzz. We would love to hear what you think. Please contact kay@marblesccc.com with your news and views. See you next week!
